## Stabilization Center

*formerly know as the  
Sobering Center*

**Hours of Operation:**

24 hours a day, 7 days a week

# CREDO47 Stabilization Center

## What services are provided?

Upon arrival, each person will be given a tote bag to secure personal items and then will be offered an evaluation by professional staff to determine the individual needs of each person.

During a stay at the center, staff will monitor patients regularly, checking vitals hourly and providing hydration and food as needed. To assure comfort while at the center, patients are offered various meal choices, snacks and water throughout the day. Hygiene kits are also provided for those in need.

To assure individuals the greatest success upon their discharge, staff work to determine individual needs and make service linkages. Some of the service linkages available include:

- Food Assistance and Basic Necessities
- Mental Health Services
- Alcohol and Drug Services
- Housing Support
- Education Support
- Legal Services
- Social Services
- Case Management
- Transportation Support

## How do I access services?

1. Call 805-250-9022 to ensure there is a bed available at the CREDO47 Stabilization Center.
2. Once confirmed that a bed is available, Individual will receive medical clearance and be admitted.
3. The CREDO47 Stabilization Center is located at 427 Camino Del Remedio, Santa Barbara.

## What is the CREDO47 Stabilization Center?

The CREDO47 Stabilization Center is a jail diversion program funded through the State of California Proposition 47.

The CREDO47 Stabilization Center will divert individuals from jail and potential legal repercussions of minor offenses and will be used to connect them to Drug and Alcohol Programs, Case Management, Housing, and other services available in the area.

Individuals over the age of 18 who are cooperative and amenable to services will be assessed by medical professionals for eligibility.

Once evaluated and accepted, individuals have a safe controlled environment for 24 hours to “sober up.” We offer food, hydration and medical monitoring throughout the stay.
